

5th International Conference of Fire Effects on Soil Properties

14th-17th July 2015

University College Dublin, Ireland

KEYNOTE SPEAKERS

Dr David Goodrich, US Dept. of Agriculture

Prof. Susan Page, University of Leicester

Dr Matt Davies, University of Glasgow

FESP⁵ also includes a thematic workshop
on 13th July 2015

Combining computational methods and experimental data

Register at: www.ucd.ie/ecomodel/fesp5

CONFERENCE SESSIONS

- Combining Computational Methods and Experimental Data
- Fire Effects in Organic Soils and Carbon Dynamics
- New Methodologies to Study Fire Effects on Soil
- Global Aspects and Fire Management
- From Fire Intensity to Fire Severity
- Ash Properties and Effects on Soil
- Fire Effects on Soil Properties
- Soil Recovery after Fires
- Fire Effects on Hydrology
