

SECOND ANNOUNCEMENT

CLIMATE CHANGE & FOREST FIRES IN THE MEDITERRANEAN BASIN: MANAGEMENT & RISK REDUCTION

**24-26 JANUARY 2012
NIR ETZION, ISRAEL**

The objective of the conference is to share scientific knowledge, policy and practices for effective management of forest fire prevention and ecological rehabilitation under conditions climate change.

The structure of the conference is as follows:

- 1st Day: Sharing Scientific Knowledge
- 2nd Day: From Science to Policy and from Policy to Practice
- 3rd Day Professional Field Tour (by invitation only)

The conference is led by the Israeli Ministry of Environmental Protection in cooperation with the Keren Kayemeth LeIsrael-Jewish National Fund within the framework of CIRCLE2 ERA-NET. The academic community, policy makers and practitioners in the field of forest management are the natural participants in this conference. The event will take place in beautiful NIR ETZION in Mount Carmel near Haifa.

No fee is due however pre-registration is required (registration will be accepted based on available seats, so please register as early as possible).
