

LOGISTICS SECTION CHIEF, INCIDENT COMMAND SYSTEM

OBTAIN AN INTERNATIONAL INCIDENT MANAGEMENT QUALIFICATION

This new and unique training opportunity, hosted by the Working on Fire Programme is presented by an International Team of highly qualified Incident Managers. Modern training techniques and practical exercises empower course candidates to fill the position of a Logistics Section Chief within an Incident Management Team and to gain competence in the Logistic functions of the Incident Command System. The course is presented in a rural setting that will simulate conditions on a typical Incident Management Camp

Course contents include:

- Service management
- Supply management
- Food and beverage management
- Medical unit management
- Communications management
- Facilities management
- Practical exercises and simulations
